

CHILD SAFETY & CONFIDENTIALITY

No recording of any classes is permitted by parents during classes unless permission has been granted by the teachers as well as the children's parent or guardian of that class. Teachers may be required to video classes to help with examination practice or for their own qualifications, however, written permission for this will be requested.

We do have a Facebook page and Instagram account where the company's achievements and events are celebrated and publicised. Photos may be posted here however children's surnames will not be included.

Children are supervised at all times and not permitted to leave the premises without a responsible adult (18+ years), unless we have your written or verbal permission. If your child is going to be collected by an Auntie/Uncle/Grandparent, then again, we request your written or verbal permission for us to release them. We will not release any student to siblings under 18 years of age.
